ABOUT ME

Keen interest in AI/ML. Currently working with C++, Python, HTML and CSS, while learning AI concepts.

EDUCATION

B.Tech in CSE (AKTU)

ABES Engineering College

2025 - 2029

YGPA: 9.48

Class 12th (CBSE)

C.S.H.P Public School

2025

89%

Class 10th (CBSE)

C.S.H.P Public School

2023

95%

TECHNICAL SKILLS

Skills: C++, Python, HTML, CSS, JavaScript, GitHub

AI Tools: Antigravity, Lovable, Claude, ChatGPT, Gemini

PROJECTS

Amazon Clone

Nov 2025

- Built a responsive Amazon-inspired e-commerce website replicating the layout, navigation bar, product sections, and shopping interface.
- Used HTML and CSS to design and structure the website with a focus on responsive UI and clean styling.

ABTalks Website

Mar 2026

- Website inspired by ABTalks, recreating its modern interview-platform layout and content sections.
- Used HTML and CSS to build the user interface, organize page sections, and create a clean and responsive design.

AI Tutor

ACHIEVEMENTS

Ghaziabad Scholars Olympiad

2018

- Achieved District Rank 79 in the Ghaziabad Scholars Olympiad.

ViCadathon

2026

- Participated in ViCadathon, gaining experience in problem-solving, idea development, and collaborative project building.

Grand IPEC Hackathon

2026

- Participated in the Grand IPEC Hackathon and worked on developing solutions for real-world problem statements.

Adobe Hackathon / Competition

2026

- Participated in an Adobe-organized technical competition, gaining exposure to competitive problem-solving and innovation.

Economic Times Hackathon

Dainik Jagran Gold Medal

CERTIFICATES

ViCodathon Participation Certificate

2026

ETC Certificate

2026

Adobe Certificate

2026

EXTRACURRICULAR

School Cultural Activities

- Participated in school acting and cultural activities, contributing to stage performances and team-based events.

Esports Player
